## relevant experience

**EL CREATIVE:** *Graphic Designer: June 2011 – Present*

Post graduation I'm back at El Creative to help them out through the summer; I'm working on projects for everything from Wingstop to yoga studios.

**HILLEBRANDCORY:** *Graphic Design Intern: March 2011 – May 2011*

HillebrandCory was a great spring internship during my last semester of college. I was able to aid in some great projects, including some designs for Snapple.

**EL CREATIVE:** *Graphic Design Intern: June 2010 – July 2010*

Though I was only able to intern here for a month due to summer school, it was one of the most exciting work experiences I've had thus far. In the atmosphere of a small graphic design shop with the excitement of large clients like Wingstop, I designed everything from newsletters to vehicle wraps.

**PREMIER PLANNING:** *Graphic Design Intern: January 2010 – May 2010*

A marketing-based company, Premier Planning called out the more business minded version of myself. Here I created marketing brochures and direct mail, redesigned the sister company website, & assisted in finding and hiring programmers for new website.

**LIBERTY PROMOTIONS:** *Web Maintenance: June 2009 – Nov 2009*

A company specializing in custom Hot Wheels, Liberty Promotions had a target market that was completely foreign to me. Here I created signage and maintained the website along with answering phones and assisting customers.

**FUZZY MUFFINS:** *Small Business Owner: June 2008 – Present*

To release my inner girl, I created an online presence to sell my handmade sewn and crocheted plushies. This website forced me to learn HTML & CSS, which I have loved ever since.

**BRANDED YOUR WAY:** *Graphic Artist & Secretary: June 2006 – August 2007*

The dream high school job, Branded Your Way was my segue in the graphic design world; I designed graphics for screenprinted tee shirts.

## about me

---

I'm a **graphic designer** in a small package. Don't let that fool you, however. I have one big appetite. An appetite for inspiration, tiny typography, gorgeous color palettes, and of course, chocolate chip cookies. I am constantly discovering new ways to communicate an idea, whether it be through design, photography, sewing, or crochet.

When I need to take a step back and unravel, I normally seek the hum of my sewing machine and create Fuzzy Muffins, squishable, squeezable plushies that I've designed.
